Date & Time:

Location: Dogpatch Hub

June 20, 2026, 6-9pm

1278 Minnesota St

San Francisco CA 94107

THE PAINTING

Flowers of Love...An Original Painting by Holly – Northern California Artist

An inspirational piece of art work, created from years of quiet devotion and a passion for embracing unconditional love through visual art.

This painting was conceived in 2023 and brought to full realization through careful thought, endless detail, and above all – love – Flowers of Love is now complete and ready to be shared with the world for the very first time.

THE VISION

The floral patterns, colors, and imperfect vintage framing speak to freeform flow – a flow that's not bound by exact shape or rigid form, but a living portrait of flowers that are free, not in a perfect vase, just free to be present wherever they fit within the universe.

The idea invites us to accept that no object, and no person, is perfect or permanent. Yet through love, understanding, empathy, compassion, and acceptance, we can all love without boundaries– without judgment. Being imperfect is perfect. And that truth is deeply needed in this imperfect world. Everything you put into the universe comes back around. Many things done in the dark, come to the light eventually.

THE EXPERIENCE

This is not simply a viewing – it is an immersive experience. Guests will witness the artist as she actually creates and shares her intimate creative process live with you. Flowers of Love will be available for purchase during the night of the event, with a portion of proceeds returned to the artist, her endless support team and established percentages to be donated to philanthropic organizations who are doing meaningful work in our community right now– when that work matters most. The evening will also feature fun special people and great music to create an evening you will not soon forget. It's all about community and coming together.

PHILANTHROPIC PARTNERS ...*A portion of proceeds will go to 3rd Street Youth Center & Clinic, Dogpatch Hub & Global Peace Foundation.*
